Dubai Real Estate – Key Insights & Recommendations

– Business Questions ?

- Where are properties most expensive vs affordable?
- What is the average price per sqft baseline?
- Which housing segment (Budget / Mid / High-End) dominates?

– Key Insights ★

📍 Urban = Highest Avg Prices →
Luxury hub

🏠 Suburb = Most listings (mainly
2–3 BHKs, Mid-range)

🌿 Rural = Budget-friendly homes,
lowest price per sqft
📅 Post-2000 homes are costlier &
volatile

– Recommendations 💡

- **Investors:** Focus on Urban luxury (5BHK) for premium ROI
- **Agents:** Target Suburb 2–3 BHK for faster sales volume
- **Policymakers:** Support Affordable Housing in Urban & manage Suburb oversupply
